Will infuse with new life the weakest invalid.

37 Walker St., Baltimore, Dec. 1882.

For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing Brown's Iron Bitters advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.  
Mrs. L. F. GARRICK

BROWN'S IRON BITTERS will have a better tonic effect upon any one who needs "bracing up," than any medicine made.

## COAST CLIPPINGS.

Grasa Valley wants a theater.  
Cloverdale is the poultry town of Sonoma county, Cal.

Some people still indulge in surf bathing at Santa Monica.  
Los Angeles gas consumers are supplied at \$4 per 1,000 feet.

Boise City, I. T., has erected many fine buildings this year.

Vineyards on Howell Mountain, Napa, Cal., are a success.

Staging between Hanford and Tulare City has been suspended.

A Mohawk hunter of Plumas county got three deer at one shot lately.

The Arizona Democrat at Prescott has passed into Republican hands.

Two hundred and thirty tons of wheat were shipped from the Farmers' Union frame warehouse in Yuba City last week.

Blackleg is still prevalent among the cattle in Klamath and Lake counties, Oregon, and many calves and yearlings have died.

A company organized in Portland, Oregon, proposes to bore for oil about twenty miles east of Tacoma, where indications are favorable.

The smokers of Nevada City have been buying cheap domestic cigars at high prices, the cigars having been represented as Havana made.

The prisoners who escaped from the Tucson, A. T., jail, some time ago, have been seen near Fort Apache. They were armed and well mounted.

The Sisters of Charity have commenced the erection of a three-story building about a mile west of Yakima City, W. T., to be used as a convent and boarding school.

Dissatisfied Indians at San Carlos have threatened to go to the mountains unless their cause for complaint is removed. General Crook is said to have told them to go, but to remember what he had told them.

Last year three Chinese pheasants were put on Protection Island, in Puget Sound, W. T. There are now over a hundred of these birds on the island as a result. The birds are said to be as large as grouse, with gorgeous plumage.

The Los Angeles Herald is agitating for the building of a branch State prison at that place. It shows that within the past four years \$35,000 has been expended for the conveyance of prisoners and insane persons from that county to San Quentin and Napa.

Robert Watt of San Rafael recently received the melancholy news that his only son, James, now at school in Scotland, had fallen out of a high window while walking in his sleep. The injuries received were at first considered necessarily fatal, but latest dispatches indicate an improvement. Mr. and Mrs. Watt have started for Scotland.

One Cause of Sore Eyes.  
A prominent oculist says that the contagious granular inflammation of the eyes is spreading rapidly throughout this country, and that he has been able in a majority of cases to trace the disease to what are commonly called roller-towels. Towels of this kind are generally found in country hotels and in the dwelling of the working classes, and being carried by everyone, are made the carriers of the most dangerous and, as regards its symptoms, most troublesome disease of the eye. This being the case, it is urgently recommended that the use of these rolling towels be discarded, and thus one of the special vehicles for the spread of a most dangerous disorder of the eyes—one by which thousands of workmen are annually deprived of their means of support—will no longer exist. While roller towels are used in the East, their use in the West seems to be universal; and it is easily perceptible how a neglect of soap and water may cause the virus of the disease to be transmitted to the towel, and thence to the eyes of the next person using it. As it is impossible to furnish a clean towel for every person washing his face at the common washstand, the best rule to be observed is to wipe the face with the cleanest part of the towel after wetting and rinsing it, and wipe the eyes with one's own pocket handkerchief.

## CHINESE AS CITIZENS.

The Nevada Transcript states that the Board of Education of that place recently denied the petitions of "four Chinamen" to be admitted as pupils of the public schools there, the reason given being a lack of schoolroom accommodation. It is more than likely, however, that the Board had other reasons for its action. If the applicants were really "Chinamen" as stated, and not the children of such, the Board would be justified in denying them admission to the schools, as they are not eligible to become citizens. The Constitution of the United States says, however, that one class of citizens shall not be discriminated against more than another; and as native-born children of Chinese are eligible to citizenship, they are entitled to such privileges as all other native born children. At least, such seems to be the only logical conclusion that can be arrived at from the wording of the fundamental law of the land. All children born in this State, or in the United States, are citizens; and if so one class must be entitled to all the privileges accorded another. Indeed, an eminent lawyer in San Francisco lately informed the Sacramento Bee that within the next year or two there would be some two or three thousand eligible to vote, having been born in California, and that there is no legal power that can justly deny them the exercise of the rights and privileges of citizenship. Such appears to be the law, disagreeable as it may be to many.

## EDITORIAL NOTES.

Commenting on Mr. Randall's aspirations for the Speakership, the Louisville Courier-Journal (Dem.) says: "We do not wish to discredit him, or his claim to the consideration of the party, when we say that the House were better lost to the Democrats, infinitely better in the hands of the Republicans, than that he should again have the organization of the Ways and Means Committee, and the power of the Speaker to direct the course of tariff legislation."

This is how an Eastern paper puts it: "James E. Anderson, editor of the Carson (Nev.) Appeal, shot last Friday by the Republican candidate for Secretary of State, died during the week."

Johnny Dormer has always had the reputation of being a cold-blooded murderer, but it is safe to say that he will demand a thorough investigation of the Anderson slaughter.

A very successful trial of an improved telephone was recently made in Boston, over a line 503 miles in length. Conversation was carried on for three hours. The articulation was very distinct, and powerful enough to be heard with the receiving telephone six inches from the ear.

The price of beer has been raised \$1 a barrel by the Brewers' Protective Association of San Francisco. The association explained its action by calling attention to the almost unprecedented advance in the price of hops and the material appreciation of the value of barley.

The railroad fare from Reno to Chicago has been reduced from \$114.70 to \$113.50. This offers a fine chance to go east cheaply. Thousands of old pioneers, who have not been home since '49 have been waiting for this.

The story that Langtry, when a girl, used to milk the family cow, is said to create great excitement among New Yorkers who have got rich by milking the lambs in Wall street.

The Washington Monument is now 322 feet high and before Winter will be 342. When completed it will be 550 feet high with an electric light on top.

Prof. David P. Todd, of Amherst College, is on the way to California to observe the transit of Venus from the Lick Observatory, on Mount Hamilton.

The Columbia, South Carolina, Register wants Senator Mahone of Virginia assassinated.

## THANKSGIVING.

You may not believe it, but nevertheless it is true, that printers eat, and they indulge in that vulgar habit on Thanksgiving, too. In fact, they never miss an opportunity of stripping the white meat from a turkey's breast. The printer's turkey has gobbled its last gobble and is about ready to be "done brown." The cranberry sauce has been stewed and all the delicacies have been prepared, and we must eat. Printers cannot eat turkey, drink fine wines, whoop-her-up and get out a paper all the same day. Therefore we beg the indulgence of a generous public while the Thanksgiving dinner is disposed of. In conformity to the time-honored custom of the GAZETTE will not issue to-morrow, and we desire to be excused until after we offer up our thanks for the manifold blessings bestowed upon our gray hairs during the past year. We shall eat, too.

### A Swell Wedding.

New York, Nov. 27. Miss Amy Crittenden, niece of Mrs. Mark Hopkins, was married here yesterday morning to Timothy Hopkins, adopted son of the late Mark Hopkins of San Francisco, at St. Thomas church by Rev. W. H. Platt, formerly of Grace church, San Francisco, now of St. Peter's church, Rochester. The church was tastefully decorated with palms, evergreens and ferns. The bride procession was headed by the ushers, Dr. Grant, C. S. Hurd and J. K. Mitchell. Then came the groomsmen, Arthur Lockwood, Wm. Newhall and Wm. Crocker of San Francisco, escorting the bridesmaids, Miss Mary Miller, Miss Hattie Crocker and Miss Easton, all of San Francisco. Following them came the bridegroom, escorted Mrs. Hopkins, while the bride, with Henry Iveson, who afterward gave her away, closed the procession. The bride wore white satin en train, trimmed with point lace. The front of the skirt was composed of deep flowers of point lace with full drapery of satin, caught up at the left side by a spray of orange blossoms. The corsage was cut square, pointed at the back and filled with point lace, and had lace sleeves to the elbow. The veil was of lace, secured by sprays of orange blossoms. The bride wore diamond ornaments, and carried a bouquet of nephros, roses and lilies of the valley, the corsage bouquet being of orange blossoms. The bridesmaids wore blue silk, with demi-trains trimmed with lace. The corsage was cut square, filled in with lace and had sleeves of lace to the elbows. Each carried a bouquet of Catherine Mermet and Pale de Jardenire. After the ceremonies a reception was held in Mrs. Hopkins' suite of apartments at the Windsor House, which was adorned with cut flowers, palms and evergreens. Shields of white roses bore the intertwined monograms of the bride couple, and above each of these was a cupid's bow and arrow. When supper was served the bridesmaids, groomsmen and all the ushers were seated together at a special table at which were designated cards for the ushers and groomsmen that were painted in water colors, bearing little Cupids, together with the monograms of the bride couple over the date. The bridesmaids were given satin favors similarly decorated. During the evening Mr. and Mrs. Hopkins left on a wedding trip to visit Massachusetts. They will next go to San Francisco, where a reception will be tendered by Mrs. Hopkins in her residence on Nob Hill, Dec. 28.

### Good Weather This Winter.

WASHINGTON, Nov. 28. Colonel Henry L. Hazen of the Signal Service predicts that the coming Winter will be mild. The prediction is based upon a thorough examination of the indicators in possession of the Signal Office.

### Steamer Sunk.

BATESVILLE, Ark., Nov. 28. The upper White river steamer Lady Bone, with 300 bales of cotton and several hundred sacks of cottonseed, sunk 16 miles below here in eight feet of water. The boat is materially damaged; no insurance on steamer or cargo.

### Won't Give Up.

OMAHA, Nov. 29. Counsel for Rev. Mr. Harvey, who was convicted here yesterday of using the mails for defrauding, will raise a question of constitutionality of law and take the case to the Supreme Court of the United States.

### Want Some Pie.

LITTLE ROCK, Nov. 29. An Indian Territory special says most of the Creek Indians who fought for the United States during the rebellion are asking the Government for pensions.

### Prof. Brooks of the Red House Observatory.

Prof. Brooks of the Red House Observatory, in behalf of astronomical science and astronomers, asks that prayers be offered on Sunday next in all churches for fair weather on the 6th of December next, the date of the transit of Venus. The solution of the sublime problem known to science is to be attempted on that occasion, the opportunity for which will not occur again for 123 years. Millions of dollars and months of valuable time have been expended in preparation for the great event.

### Important, It True.

ST. LOUIS, Nov. 28.

Mrs. Nash, who confesses that she has a small streak of Indian blood in her veins, and is of French descent, is having trouble with the authorities of the Blair school because they insist that her two sons are of negro birth. They certainly are of dark complexion, but their pedigree is clean, and the supercilious school teachers and pupils will undoubtedly have to come down, as the free-born Mrs. Nash has put her war paint on and will go into court, if necessary, to secure her rights.

### Thurlow Weed's Will.

NEW YORK, Nov. 28.

Thurlow Weed's will has been made public. The estate is valued at between \$500,000 to \$600,000. The document opens with an affectionate tribute to the testator's unmarried daughter, Harriet, who remained with him during his life. To her he bequeaths the house No. 12 West Twelfth street, with all its contents, furniture, books, papers, pictures, plates, etc. Several minor bequests of tokens of remembrance are made to old friends and institutions in New York and Albany, in which Weed was specially interested. The bulk of his property, real and personal, after the minor legacies, is bequeathed in nine equal shares to three daughters and his grandchildren.

 —The French Cabinet yesterday decided to send a pacific expedition to survey the ceded territory on the Congo, and report on its resources.  
 —At Poughkeepsie, New York, the coroner's jury in the case of James Maxwell, killed in the recent railway crash at Peekskill, censures the New York Central and Hudson River Railroad Company.  
 —Dr. John D. M. Carr, a well-known physician and one of the most advanced Masons in the United States, died in Chicago yesterday after a protracted illness. He was to have delivered the oration at the next Triennial Conclave of Knights Templar at San Francisco next year.

## Lakeside Notes.

CHICAGO, Nov. 28.

It is stated that a fast train is contemplated between here and St. Paul, to be put on next summer by the Northwestern and Milwaukee and St. Paul roads, leaving Chicago at 8:30 A. M., to arrive at St. Paul at 9:30 the same evening.  
 It is authoritatively stated that C. C. Wheeler of the Atchison road desires to become arbitrator in the Western pools.  
 The iron-men of this city declare that there is not a particle of foundation to the story recently published that a Bessemer steel ring exists in the West.  
 The Joliet special trade and labor council have boycotted two newspapers of this city and all merchants who patronize them, on account of a denunciatory article in the papers directed at the union.

## Charter Vacated.

ALBANY, Nov. 29.

In the matter of the application of Wm. H. Cameron, stockholder, and Jay Gould, director, and claiming to be stockholders of the Mutual Union Telegraph Company, to the Attorney General for the commencement of an action or actions to vacate the charter of that company, the Attorney-General this morning decided to grant the application and telegraphed simultaneously to counsel for applicants and to the telegraph company that he had so decided.

## Folger Criticized.

NEW YORK, Nov. 29.

The Sun's Washington special says: Folger is not in accord with the administration. Most of the officials do not hesitate to say publicly that he is not a good Secretary of the Treasury, while those of them who are politicians cannot stand his hesitancy about doing what they think ought to be done in the way of making removals and appointments.

## Good Weather This Winter.

WASHINGTON, Nov. 28. Colonel Henry L. Hazen of the Signal Service predicts that the coming Winter will be mild. The prediction is based upon a thorough examination of the indicators in possession of the Signal Office.

## Steamer Sunk.

BATESVILLE, Ark., Nov. 28. The upper White river steamer Lady Bone, with 300 bales of cotton and several hundred sacks of cottonseed, sunk 16 miles below here in eight feet of water. The boat is materially damaged; no insurance on steamer or cargo.

## Won't Give Up.

OMAHA, Nov. 29. Counsel for Rev. Mr. Harvey, who was convicted here yesterday of using the mails for defrauding, will raise a question of constitutionality of law and take the case to the Supreme Court of the United States.

## Want Some Pie.

LITTLE ROCK, Nov. 29. An Indian Territory special says most of the Creek Indians who fought for the United States during the rebellion are asking the Government for pensions.

## Prof. Brooks of the Red House Observatory.

Prof. Brooks of the Red House Observatory, in behalf of astronomical science and astronomers, asks that prayers be offered on Sunday next in all churches for fair weather on the 6th of December next, the date of the transit of Venus. The solution of the sublime problem known to science is to be attempted on that occasion, the opportunity for which will not occur again for 123 years. Millions of dollars and months of valuable time have been expended in preparation for the great event.

## Important, It True.

ST. LOUIS, Nov. 28.

Mrs. Nash, who confesses that she has a small streak of Indian blood in her veins, and is of French descent, is having trouble with the authorities of the Blair school because they insist that her two sons are of negro birth. They certainly are of dark complexion, but their pedigree is clean, and the supercilious school teachers and pupils will undoubtedly have to come down, as the free-born Mrs. Nash has put her war paint on and will go into court, if necessary, to secure her rights.

## Thurlow Weed's Will.

NEW YORK, Nov. 28.

Thurlow Weed's will has been made public. The estate is valued at between \$500,000 to \$600,000. The document opens with an affectionate tribute to the testator's unmarried daughter, Harriet, who remained with him during his life. To her he bequeaths the house No. 12 West Twelfth street, with all its contents, furniture, books, papers, pictures, plates, etc. Several minor bequests of tokens of remembrance are made to old friends and institutions in New York and Albany, in which Weed was specially interested. The bulk of his property, real and personal, after the minor legacies, is bequeathed in nine equal shares to three daughters and his grandchildren.

## SUMMONS.

IN THE DISTRICT COURT OF THE

Second Judicial District of the State of Nevada, in and for the county of Washoe, the State of Nevada sends to Andrew Jones greeting:  
 You are hereby required to appear in an action commenced against you as defendant by Emma Jones as plaintiff in the District Court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service). If served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a decree dissolving the bonds of matrimony heretofore and now existing between plaintiff and defendant. Plaintiff alleges: That plaintiff and defendant intermarried at Mono county, California, on or about July 29th, A. D. 1873, and ever since have been and now are husband and wife; that on or about Sept. 9th, A. D. 1873, you, the defendant, willfully deserted and abandoned plaintiff, and ever since have so continued, and now do so continue to desert, abandon and live apart from plaintiff, against her will, with or without consent; that for more than a year next preceding the commencement of this action you, the defendant, have failed and neglected, and now fail and neglect to provide for plaintiff the common necessities of life, which neglect is and was not the result of poverty on your part which you could not have avoided by ordinary industry; that there are no children living of the issue of said marriage, and no common property. Plaintiff prays to be restored to her maiden name, and for costs, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said court, at Reno, in said county of said county. And if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I, P. B. COMSTOCK, Clerk of the District Court of the Nevada, in and for the county of Washoe, do hereby certify this 28th day of December, A. D. 1873.

P. B. COMSTOCK,  
 Clerk of the District Court of the Nevada, in and for the county of Washoe.

By S. A. MANN, Deputy Clerk.

## PERSONALS.

L. L. Woodmansee is in Tuscarora. Wm. Thompson of Franktown is Lemery's guest.

J. E. Ross and S. S. Ross of Janesville are at the Arcade.

Congressman Cassidy went East this morning, feeling as springy as a new bear trap.

The wife of Henry Morris is helplessly crippled with inflammatory rheumatism.

Hon. W. B. C. Gibson, of Storey county, has fond hopes of bossing the prison for the next few years.

Mrs. Canovan and Mrs. Littlefield, daughters of L. Wintermantel, have arrived from Montana on a visit.

Senator Fair is in San Francisco, waiting to see what "that crosscut" will develop before he goes to Washington.

Miss Emma Nevada, the Nevada prima donna, is living in Paris with her father and mother, Dr. and Mrs. Wixon, and is now studying "Mignon" under the personal supervision of Ambrose Thomas.

Gus Lewis is dangerously ill at his home in Carson, and his physicians are doubtful about his recovery. The many friends of poor old Gus in western Nevada will be pained to know this. A kinder hearted man never lived.

F. H. Lindsay and E. J. Page are in from Honey Lake Valley. They report everything lovely in that section. The farmers fear a dry winter and are borrowing a little trouble on that score, but aside from that the Honey Lakers are happy. The gentlemen will return home to-morrow.

**An Old District Reviving.**  
Some good ore is now being mined near Washoe Valley, in the old Galena District. These mines were opened as early as 1860, and a smelting furnace was at one time put up to work the ores taken from them. As the smelting operation proved a failure the mines were abandoned. The ore now being taken out of the mines is rich enough to justify its shipment to California. The ore is an argilliferous galena. The smelter put up in the early days was after the pattern of those used in the lead mines of Galena, Illinois. It was but a simple cupola, like a foundry furnace, but if properly handled can do as good work as many of the new fangled patents now in use.

**A New Fish-Trap.**  
The Enterprise says that an Idaho man has invented an apparatus on which is fastened a regular network of hooks. He catches trout whether or not they are in the humor to bite. He hooks them in the mouth, gills, tails and bellies, and brags that he can catch a ton a day with his machine. It seems to be an apparatus worthy of the attention of the Fish Commissioners. It is an apparatus that would be a real blessing to many of the fishermen along the Truckee and down about Pyramid lake. They would find it much safer than giant powder.

**Trooping Westward.**  
The immigrants who went west this morning were a most respectable crowd. There were several families en route to Los Angeles county, Cal., and others on the way to Washington Territory, where they have already purchased government land and will settle down to permanent citizenship. With a system of irrigation such as can be adopted when artesian wells are bored, lakes tapped and river water utilized, Nevada will obtain a large share of west-bound pilgrims.

**New Barber Shop.**  
Wm. R. Chamberlain, Louis Dean, Judge King, Pierce Evans and others have organized a company for the purpose of establishing a palatial barber shop. Chamberlain will be boss scalp rubber, and Dean is to run the boot-black department, while Pierce Evans straps the razors. They have engaged the services of several beautiful women to do the shaving. The concern will take.

**Baptist Church Festival.**  
The ladies of the Baptist church who projected the festivals and concerts which ended last night may well feel proud at the success of their efforts. They had a large attendance each evening, last night's assemblage being very full. The object for which the entertainments were got up was accomplished, and there is money in the treasury of the society.

**Attention, Company I.**  
Members of Reno Guard are hereby ordered to assemble at the Armory in full company uniform at 8 o'clock to-morrow (Thursday) evening, when the distribution of prizes won at the company's range last Sunday will take place. By order  
A. MOORE, Captain.  
C. A. LOOMIS, P. S.

**Will Observe the Day.**  
All the prominent business houses will close to-morrow at 2 o'clock and Thanksgiving will be generally observed as a holiday.

## JOTTINGS.

Turkeys 20 cents a pound.  
The town is full of tramps.

Get some New Year cards at the GAZETTE office.

No end of Pyramid and Mud Lake trout in the market.

The Truckee is crawling along on the bottom. Very shallow.

Phil. Reese's new blacksmith and machine shop is nearly completed.

Christmas cards at Nasby's. Thermometer at 7, 9, 11, 1, 3—24, 34, 44, 51, 52.

Deer meat is being piled in upon us as if Reno required as much food as London.

One hundred immigrants passed west last night, and 130 went east this morning.

Turkeys look pale around the gills. To-morrow will be St. Bartholomew's Day for them.

The comet is nearly gone, but star experts say it will come back and have a tilt at the sun.

Undertakers feel blue and look glum. People don't want to die until after Thanksgiving.

Not much is heard about turkey-shooting to-morrow—nor raffles. The country is improving.

Those having dental work to be done should read Dr. Hutchinson's ad. in the 50c. column.

A man and wife can find a splendid suite of rooms by applying at this office. See 50 cent column.

The Central Pacific announced a new time-table yesterday, but it don't seem to apply to Reno.

It is proposed to construct a skating rink here, if the people will take an interest in it. The big reservoir is too far off.

The machinery which went through the fire at the Verdi planing mills is being made as good as new at Fraser's foundry.

Sam Wagner, the venerable Virginia boot-black, wants to be porter of the Nevada Assembly. Let him have the position.

Cotton-tail rabbits are plentiful in the outskirts of town, particularly in the vicinity of nurseries, where green feed is yet to be found.

Holiday goods are coming in fast. It appears as if Santa Claus intends to spread himself. Nasby is his head agent, and will show him around town.

On Friday a party of miners will start for Peavine, to prospect in that peculiar country, about which so many big stories have been told and so little realized.

This is the month the sky sharps predicted a magnificent display of meteoric showers, but their predictions have thus far failed. Perhaps the aurora took the place of showers.

The street crossings are tolerable, but the sidewalks are rough. A million nail-heads protrude on Commercial Row, being destructively apparent to ladies particularly, who kick nice boots to pieces.

A. T. Rice, the well known dairyman, says this is the best season for his business he has ever known. Cows give floods of milk on the slightest provocation. Tickle their teats and a lacteal inundation is the result.

It is said that white-fish prevent trout from coming down the Truckee. A lot of the former will assail a large trout and gnaw off its tail and fins, leaving it helpless. The attention of the Fish Commissioner is called to this.

There will be a grand Thanksgiving dinner at the Arcade to-morrow, with all the accessories that a prolific soil, well-stocked market and generous purse can afford. Go and stuff yourself for four bits and blow up with the country.

Reno's old fire machine that did duty as yard engine for eight or nine years, is being overhauled and repaired in the Sacramento machine shops. Forty-eight is missed here, and will be severely remembered in case of fire.

Railroad men complain that deaf men and cripples go out of their way to get in front of a moving engine. This morning a deaf old woman who couldn't outwalk a cobblestone stood in front of a locomotive and tried to stare the headlight out of countenance. It required desperate coaxing to induce her to get out of the way.

Along the Sacramento and San Joaquin rivers fresh salmon can be bought for a song, comparatively. For 50 cents a man can get a large fish, sometimes a twenty-pounder. Our dealers here have to pay 12 cents per pound to the wholesale thieves of San Francisco. After beheading and gutting a fish and paying freight the animal becomes valuable. It is not so good as Truckee or Pyramid trout, but it is more relished because it costs more.

Four Jersey calves for W. P. Hall of Honey Lake Valley came up on the morning train. If Mrs. Langtry has such beautiful eyes as these young bovines, it is no wonder that she compels bald-headed men to dance attendance upon her. A cattleman says they will fight a circular saw when they grow up, and are so pugnacious that they have to be milked by telegraph, for it isn't safe to approach them. But maybe this isn't so.

## SLUSH FROM EUREKA.

Base Rangers Jealous of Us Because We are Pretty.

The funny (?) man of the Eureka Leader perpetrates a libel on Reno and her citizens. The following letter is published over the name of C. C. Powning:

Mrs. LANGTRY—Dear Madam: Hearing that you intend locating in America, I write to suggest Reno as the most eligible spot in the United States for your permanent abode. The climate of the city is the most salubrious in the world, and specially adapted to lightening the beauties of the complexion. I am of the opinion that after six months' sojourn in Reno, should you return to England, your own husband would not know you. We also have a thriving lunatic asylum, all through a bill I passed in the Legislature, and our bridge over the Truckee is second to none in the State. To give you some idea of the effects of the climate, I inclose a photograph of myself taken yesterday and one taken several years ago, when I first came to the city. I can also assure you that should you live here the same length of time your beauty would increase in the same ratio. Respectfully,

CHRISTOPHER COLUMBUS POWNING.

Mrs. Langtry replied to Mr. Powning's alleged communication, and as she refers to our old man's beauty, the GAZETTE reproduces the answer. He is away from home and can't object:

MR. POWNING—Dear Sir: I think you have deceived me. Your picture taken recently is my beau ideal of the languishing type of American male beauty, transcendent in its perfection and eminently successful in its reaching after the pure, the beautiful and the true. The other picture, however, which you allege represents you in your early stages of development, I have ascertained is not yourself at all, but a profile view of R. L. Fulton of the GAZETTE, a singularly homely man, who called upon me yesterday just as I opened your letter. I cannot think of locating in a town which produces such bad, designing men. Yours, LILY LANGTRY.

Reno has scores of prettier girls than ever Mrs. Langtry was, and the GAZETTE thinks it would be unbecoming of Mr. Powning or Mr. Fulton either to go sneaking about after Mrs. Langtry or Mrs. anybody else outside the town limits.

Missionaries for China and Japan.

Rev. J. W. Talmage, who has been for 35 years a missionary to China under the auspices of the American Reformed Church, will pass through Reno to-morrow night, on his way to San Francisco, to sail for China. Mr. Talmage has been visiting in New York for one year, and is now returning to the scene of his missionary labor in China. His wife and two daughters accompany him, and will enter the missionary field. He is also accompanied by Rev. A. S. Van Dyke of Brooklyn, a young divine, who also joins the party in the same connection; Miss Youngman, who is returning to Japan in the interests of the missionary cause, under the direction of the Woman's Board of the Presbyterian Church; Miss Winn of Alabama, who goes to Yokohama as a new missionary recruit; and He Lye, a youthful Celestial, son of a wealthy Chinese merchant, who goes to Foo Chow for the purpose of entering the new college there. The new college was founded about a year ago, and instructs Chinese in the English language and the pursuits of English life. The father of He Lye donated \$10,000 to this college recently. He Lye has been in this country some time attending American schools. Miss Cartwell of Hamilton, Canada, also goes to Japan as a new missionary.

Where to Go.

H. Davis & Son, the tobacconists, have opened their new store on Commercial row with a splendid stock of goods. The firm now have two stores. The one on Virginia street will be in charge of the junior member of the firm and the Commercial row stand will be conducted by Mr. Davis, Sr. Smokers will find it to their advantage to call on Davis & Son, for no better cigars or tobacco can be found in the State. They are agents for the choicest brands and deal only in first-class goods. They also carry a full line of wood pipes and first quality meerschaum goods. Read their advertisement and don't forget to give them a call.

The Reno Guard Ball To-morrow Night.

The ball to-morrow night at the Pavilion will be a very pleasant affair for a dollar. The scarred warriors of the Reno Guard are brushing up their uniforms and effacing traces of bloody war, that they may appear gorgeously attractive and pulverize the hearts of the fair ones. Whether they succeed or not, there will be a good time, a fitting wind-up to a jolly Thanksgiving day.

Brief Locals.

A Washoe squaw yesterday gave birth to triplets, and was able to-day to take a hand at poker.

To-morrow being Thanksgiving there will be divine service at 11 o'clock A. M. at the Episcopal church.

Keep your weather eye open for bull-butter. A San Francisco manufactory is greasing the whole country with it. The safest way to purchase only of those dealers who advertise in the GAZETTE.

## Turkey for Everybody.

Jake Becker has prepared a fine turkey lunch for to-morrow. He will set the table at 11 o'clock A. M. and can accommodate all who visit him. The bird will be padded with oysters, and cranberry sauce will be served as a relish. Go to Jake's and get a Thanksgiving lunch and a glass of nice beer to wash it down.

## Dropped Dead.

William Gregory dropped dead at Washoe City yesterday while standing in his yard. Heart disease was the probable cause. He came to Nevada in 1861 and has resided at Washoe City ever since. He was well known as one of the Democratic wheel-horses of Washoe.

## He Won and Will Get It.

Asa Dawson will be presented with a stuffed club to-morrow evening at 8 o'clock. Mr. Dawson says he don't know that he has any use for the weapon, but he is willing to take it if it justly belongs to him. He will get it, and after it is once in his possession it will remain there, for his Sunday score is the best he will ever do.

## Blooded Cattle.

County Clerk Hall of Lassen county, Cal., came up from San Francisco this morning. While away Mr. Hall purchased a number of Jersey cows for his Lassen county farm. The stock will be driven through to their destination in a day or two.

Dr. Pierce's "Pleasant Purgative Pellets" are sugar coated and inclosed in glass bottles, their virtues being thereby preserved unimpaired for any length of time, in any climate, so that they are always fresh and reliable. No cheap wooden or pasteboard boxes. By druggists.

MANHOOD RESTORED.

CONTINUES TO TREAT

successfully by Home-

opathy every form of Special or

Chronic Disease without

Mercury or Nauseous Drugs.

Dr. Liebig's Invigorator is a

positive and permanent cure

for Seminal Weakness, Exces-

sive and Physical Debility.

Lost Manhood, Vital Exhaustion,

and all the terrible results

of abused nature, excesses and

youthful follies. The

Doctor will agree in writing

to forfeit \$1,000 for a case

that he undertakes and fails

to cure. The reason thousands

can not get cured of Seminal

Weakness and the above dis-

eases is owing to a complac-

ent on called Prostatitis, which

requires a special remedy. Dr.

Liebig's Invigorator, No. 2,

is a special cure for Prosta-

titis. Price of either In-

vestigator, \$5 per bottle, or 6

bottles for \$10. Sent to any

address recently covered from

observation. Seminal Weak-

ness and Prostatitis drain

vitality from the body and

cause numerous diseases that

defeat ordinary medical treat-

ment. If allowed to continue,

the unnatural loss affects the vital organs,

which causes diseases. Consump-

tion, Diabetes, Bright's Disease, Jandice,

Insanity, etc. Excesses, Non-use, Abuse,

Inherited Weakness, Malnutrition, and

Colicall Complaints bring in the above fatal

diseases. Debility and Seminal Weakness

obstruct the important and necessary acts of

life and their enjoyment. Cures Guaranteed

MIDDLE-AGED MEN.

There are many at the age of thirty and six

ty who are troubled with too frequent evac-

uations of the bladder, often accompanied by

slight smarting or burning sensation and a

weakening of the system in a manner the

patient cannot account for. On examining the

urinary deposits a rosy sediment will often

be found, and some small particles of albu-

men will appear, or the color will be of a thin

milky hue, again changing to a dark and

torpid appearance. There are many men who

of this difficulty, ignorant of the cause,

which is the second stage of seminal weak-

ness. Dr. S. will guarantee a perfect cure in

all such cases, and a healthy restoration of

the genito-urinary organs.
